

**SO SMALL
SO BIG**

PRINT SAMPLE GUIDE

Z1 is the new Thermal Ink Jet system made by Zanasi, added with the aim to extend the opportunities given to the customers. This model, able to print with very high resolution (up to 900 horizontal dpi and up to 600 vertical dpi) on different surfaces is the suitable solution in many applications. With a vertical printing area up to 12,5 mm the **Z1** can print alphanumeric texts, logos or barcodes.
